

2023 Synapse® Radiology & Cardiology Admin Support Question & Answer Schedule

At Fujifilm Healthcare Americas Corporation, our goal is to provide comprehensive and engaging education services that will optimize your PACS experience. To support this initiative, Fujifilm's Synapse System Administration Team (SSAT) is offering complimentary, live Q&A sessions to hone your PACS administrative skills and Responsibilities.

These recurring one-hour discussions provide an open platform for dynamic dialogue between Fujifilm SSAT experts and Synapse PACS users. Join any or all of the following sessions during their scheduled times to enhance product knowledge, share software experiences, and learn the best practices to drive future success.
